QUALITY POLICY

Leading fluid technology since 1947

Neumo-Egmo Spain S.L. is dedicated to the distribution and assembly of products manufactured mainly in the companies of the Group Neumo Ehrenberg.

The main activity is oriented to the machining, pharmaceutical, food and biotechnology industry.

In Neumo-Egmo Spain S.L. we work with determination and commitment to improve continuously to offer a quality service. In 2003 we decided to launch this project, well-studied with clarity and tranquility, with the commitment to maintain the requirements and applicable legislation. All our services are based on security and legality in accordance with the specified quality and assuming our responsibility towards our customers. We focus our activities on the strategic planning of the company and on the management of risks and opportunities.

Neumo is located since 2003 in Tarragona, and its market has grown within Spain, France, Portugal and Italy, where we have our trade agents.

All our workers are in continuous training. We highlight the technical and human capacity of the staff, as well as team spirit to maximum efficiency.
